Levee Repairs Project	various	\$ 1,377,287	yes		Without PMIB loan approval payments for existing work under current contracts would have to be halted. Any planned work would be reviewed and work stoppage would occur. Work stoppage on Levee, Dam and River projects will impact the level of safety that would be provided by improvements and/or repairs. As work has begun on many sites, current conditions cannot be assured to be suitable to contain any conditions that may have been contained by a levee/dam or riverbank that had not had work initiated for improvements.

Porterville 96 Bed Project (in progress)	Tulare	\$ 87,000,000	\$ 3,500,000	Construction near completion	No	96% of construction costs are billed. 88% of construction is complete. 88% of construction is complete. Project is on schedule due for completion on February 13, 2009. Stop work would prevent final construction completion, delay occupancy, and the State would still have to pay the balance of the contract including inspection fees, etc. This is estimated roughly at \$4 million. DGS indicated that the Dept. of Finance is currently computing PMIB costs for this project.
Porterville New Main Kitchen	Tulare	\$ 28,000,000	\$ 3,000,000	Construction Phase	No	State will likely have to pay consultants the balance of the working drawings for approx (\$1.5 million). DGS indicated that the Dept. of Finance is currently computing PMIB costs for this project.

Bay Area Housing Plan. \$100 million bridge loan for 61 homes already acquired as a part of the Department of Developmental Services closure of Agnews Developmental Center. CalHFA is the current permanent lender. Short term loan is needed by CalHFA to prevent bond sale until the credit market stabilizes.	Contra Costa County; Alameda County; Santa Clara County; San Mateo County	\$ 100,000,000	No	Construction near completion	No	Without the PMIB loan, CalHFA will issue unrated bonds for the BAHP in late January, 2009. Interest rates could be up to 25%. An application is on the December 17, 2008 PMIB agenda.
